

Gilad Landsberg

COO

Gilad Landsberg serves as Gilat's Chief Operations Officer.

Gilad is a multi-dimensional executive with over 20 years of business, technical and management experience. Before joining Gilat, Gilad spent three years as Vice President, Head of the Tactical & MALE UAS Division of Aeronautics, a world leader in designing, developing and manufacturing Unmanned Aerial Systems (UAS) for the global defense and HLS markets. Previously Mr. Landsberg spent over 10 years at Rafael, a defense technology company, starting as a system engineer and working his way up to Director, Head of the Advanced Precision Strike Systems Business Unit where he increased yearly revenue from \$30M to more than \$130M.

Mr. Landsberg graduated from the Technion, with a B.S.C in Industrial and Management Engineering, specializing in Information Technology.
