

GILAT PRESS RELEASE

Gilat Awarded Approximately \$20 Million in Contract Renewal and Extension from Tier-1 MNO in the USA

Gilat continues to support this long-term Tier-1 customer with a multi-year end-to-end managed services contract for satellite-based cellular backhaul and emergency response

Petah Tikva, Israel, November 1, 2023 -- Gilat Satellite Networks Ltd. (Nasdaq: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions, and services, announced today that it was awarded a renewal and extension contract of approximately \$20 million from a Tier-1 MNO in the United States. In a multi-year agreement, Gilat is continuing as the end-to-end managed services provider of satellite-based cellular backhaul and emergency response for this long-term leading customer.

Gilat is the leading global 4G cellular backhaul over satellite solution provider demonstrating unparalleled capabilities in technology, delivery, and operation. Furthermore, Gilat's superior technology enables a smooth transition to 5G as well as to next generation multi-orbit constellations and VHTS satellites.

"This significant contract renewal and extension follows a strong track-record with the Tier-1 MNO, and it is a testament to Gilat's proven ability to provide the desired user experience with its renowned SkyEdge II-c platform, while consistently and professionally delivering on day-to-day operational needs," said Yossi Gal, Vice President of Regional Sales at Gilat. "With proven expertise, a can-do attitude, and a winning global team, we endeavor to bring real value to our partners as we work together to provide innovative communication solutions to all reaches of the world."

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications.

With over 35 years of experience, we create and deliver deep technology solutions for satellite, ground and new space connectivity and provide comprehensive end-to-end solutions and services, powered by our innovative technology. We believe in the right of all people to be connected and are united in our resolution to provide communication solutions to all reaches of the world.

Delivering high value solutions, our portfolio is comprised of a cloud-based platform and high performance satellite terminals designed to work in harmony with satellite constellations, including Very High Throughput Satellites (VHTS) and Software-Defined Satellites (SDS) in

multiple orbits; high performance Satellite On-the-Move (SOTM) antennas; and highly efficient, high-power Solid State Power Amplifiers (SSPA) and Block Upconverters (BUC).

Gilat's comprehensive solutions support multiple applications with a full portfolio of products to address key applications including broadband access, mobility, cellular backhaul, military, government, and enterprise, all while meeting the most stringent service level requirements.
