Gilat Announces New Brand Identity Embracing the Company's Commitment to the New Space Revolution

Gilat's new brand reflects the company's vision of the right of all people to be connected

Petah Tikva, Israel, January 11, 2024 — Gilat Satellite Networks Ltd. (Nasdaq: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions, and services, announced today the launch of a new brand identity embracing the company's commitment to the new space revolution, and reflecting the company's vision of the right of all people to be connected.

The new brand identity, with a newly-designed logo inspired by Gilat's global reach and connectivity, is built to encapsulate the exciting changes in the space industry, with increased opportunities for growth and profitability, as strongly demonstrated by the company over the past year.

2023 included important wins with satellite operators and global customers, the launch of new products, major in-flight connectivity expansions, expanded leadership in satellite-based cellular backhaul, a strategic defense acquisition, and additional growth in other areas. Given these accomplishments, it was appropriate for the company's brand image to grow, as well.

"In today's space revolution, adapting to the changing needs and expectations of our partners is of paramount importance," said Hagay Katz, Chief Product and Marketing Officer at Gilat. "Gilat's new brand will serve to reflect our growth and evolution, while it reinforces the company's identity and reaffirms our commitment to our vision, mission, and core values. We are Gilat! We provide a profound impact on the lives of people and organizations everywhere on the planet, and in space, by bringing Boundless Communications."

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With over 35 years of experience, we create and deliver deep technology solutions for satellite, ground and new space connectivity and provide

comprehensive, secure end-to-end solutions and services for mission-critical operations, powered by our innovative technology. We believe in the right of all people to be connected and are united in our resolution to provide communication solutions to all reaches of the world.

Our portfolio includes a diverse offering to deliver high value solutions for multiple orbit constellations with very high throughput satellites (VHTS) and software defined satellites (SDS). Our offering is comprised of a cloud-based platform and high-performance satellite terminals; high performance Satellite On-the-Move (SOTM) antennas; highly efficient, high-power Solid State Power Amplifiers (SSPA) and Block Upconverters (BUC) and includes integrated ground systems for commercial and defense, field services, network management software, and cybersecurity services.

Gilat's comprehensive offering supports multiple applications with a full portfolio of products and tailored solutions to address key applications including broadband access, mobility, cellular backhaul, enterprise, defense, aerospace, broadcast, government, and critical infrastructure clients all while meeting the most stringent service level requirements.
